

CODNOR PARISH COUNCIL

COMMUNITY ENGAGEMENT - STATEMENT OF INTENT

Introduction

Codnor Parish Council is committed to improving our engagement with all sections of the local community: residents, voluntary groups, young and elderly, businesses and local groups and organisations. The overall aim is to increase the involvement of people in the life of their communities and in the Council's decision making processes. In doing this the Council will become more responsive to the needs of the Community and be able to better reflect its views and aspirations.

Engagement

Codnor Parish Council intends to actively engage with the following sections of the community:

Residents of the parish
Local youth groups
Groups representing the elderly
Residents Associations
Voluntary Organisations
Community Associations
Schools
Businesses within the Parish
Church Groups
Local Constabulary
Councillors - public service representatives and staff

Effective engagement can only be achieved through providing information to these sectors and seeking residents views. The Council already employs a number of methods to do this:

Contact details of the Council Clerk and individual Councillors are available in the Council's quarterly newsletter and on the Council's website.

The Newsletter informs the community of the activities of the Council, and is made available at public venues throughout the Parish.

Notices of meetings are posted on the Council's notice boards at Peverel House and Crosshill Cemetery and on the Website.

The notices indicate that the Council gives the public the opportunity to participate in meetings. The Council's policy on public participation is available on its website and in its notice boards.

The Council's website provides details of its services and activities and provides access to the Council minutes and other documents.

The Council publishes an Annual Report which is delivered to all households throughout the Parish.

Representatives of the Council attend local voluntary organisations and some Councillors are members of these voluntary organisations in their own right.

Aims and Objectives

The Council's aims and objectives for seeking community engagement and the outcomes it hopes to achieve are:

To enable an involved and active community through consultation with residents on local issues, reaching all sectors of the community including hard to reach groups, and seeking the views of young people.

To communicate information clearly and factually through the management of the Council's website and the publication of a quarterly newsletter.

To improve communication with partner organisations

To actively be involved in local organisations such as youth groups and community groups.

To raise the profile and reputation of the Council through:

inviting residents to take part in council meetings through public participation.
Publicising the Annual Parish meeting throughout the Parish area.

Informing the press of the activities of the Council, when appropriate.

Encouraging the Chairman to fulfil his civic role by accepting invitations to community events.

To enable each Councillor to effectively perform their role as elected representatives of the community through:

Encouraging Councillors to attend relevant training, meetings of community organisations or take up places on community groups and organisations.

To ensure Parish Council staff represent the interest of the Council at community events

To encourage staff to have an effective input into the Council's decision making process.
